- (a) Unless the context otherwise requires, wherever used herein the plural includes the singular, the singular includes the plural, and each of the masculine and feminine includes the other gender.
- (b) Words in the RFP shall bear their natural meaning.
- (c) References containing terms such as “includes” and “including”, whether or not used with the words “without limitation” or “but not limited to”, shall not be deemed limited by the specific enumeration of items but shall, in all cases, be deemed to be without limitation and construed and interpreted to mean “includes without limitation” and “including without limitation”.

- (d) In construing the RFP, general words introduced or followed by the word “other” or “including” or “in particular” shall not be given a restrictive meaning because they are followed or preceded (as the case may be) by particular examples intended to fall within the meaning of the general words.
- (e) Unless otherwise indicated, time periods will be strictly applied.
- (f) The following terminology applies in the RFP:

 - (ii) The term “should” relates to a requirement which the Purchasing Organization would like the Proponent to address in its Proposal.
 - (iii) The term “will” describes a procedure that is intended to be followed.

1.3 Type of Agreement

The Preferred Proponent shall be required to enter into an agreement (“**Agreement**”) substantially in the form of the draft agreement attached in the Form of Agreement Schedule. The Agreement will be signed on or around **[Insert]**, and no obligation on the part of any Purchaser shall arise until such time as the Agreement is signed (provided that the terms of the RFP shall apply between the Purchasing Organization and each compliant Proponent). The term of the Agreement is intended to be for a period of **[Insert]**, with an option in favour of the Purchaser to extend the term of the Agreement on the same terms and conditions for an additional period of up to **[Insert]**.

1.6 Objectives

[List the objectives or major goals that the Purchasing Organization seeks to satisfy in the Agreement. The objectives will be different for each RFP and will depend upon the nature of the Goods and services being acquired. Choose the objectives from the sample list below that are relevant to this RFP process. Such objectives should be reflected in the RFP’s evaluation criteria. If they are not, they should not be set out below. Note that the following objectives should not be considered exhaustive.]

The Purchasing Organization is seeking to satisfy the following objectives in issuing the RFP:

1.7 Individual Purchaser

1.7.1 Objectives

Subject to the terms of the RFP,

- (a) it is intended that each Purchaser will enter into a separate Agreement with the Preferred Proponent, however, there is no guarantee that every Purchaser will enter into an Agreement with the Preferred Proponent; and
- (b) it is intended that only a single Preferred Proponent will be selected (however, the Purchasing Organization reserves the right to select more than one Preferred Proponent).

1.7.2 Entering into an Agreement

Proponents should note that the Purchasers have different needs and objectives in relation to the Goods. Information in this respect is dealt within the context of the evaluation process. Such differing needs and objectives may ultimately be reflected in the Agreements arising out of this RFP, such that the terms of the Agreement may be slightly different for each Purchaser.

1.7.3 Standardization of Goods

Proponents should further note that some Purchasers may use the RFP process to establish standardization within a particular Purchasing Organization of the type of Goods being acquired under the RFP.

Questions and answers will be distributed in numbered Addenda to Proponents by posting such Addenda on ***[Insert where posting is to occur.]*** In answering a Proponent's questions, the Purchasing Organization will set out the question(s), but without identifying the Proponent that submitted the question(s). Also, the Purchasing Organization may, in its sole discretion:

- (a) edit the question(s) for clarity;
- (b) exclude questions that are either unclear or inappropriate; and

(c) answer similar questions from various Proponents only once.

Where an answer results in any change to the RFP, such answer will be formally documented through the issue of a separate Addendum reflecting that change.

2.4.3 Issued Addenda

Before submitting a Proposal, a Proponent shall be responsible to verify that it has received all of the Addenda that have been issued, which shall be posted on the ***[Insert where posting will occur]*** at least 7 Days ***[Adjust timeline as appropriate]*** prior to the RFP Submission Deadline, unless it is an Addendum that extends the RFP Submission Deadline.

Proponents are requested to complete and return either by facsimile or by email the Receipt Confirmation Schedule, in accordance with the specific instructions contained therein.

To be considered in the RFP process, a Proponent's Proposal must be received by the RFP Submission Deadline, as set out in Section 2.2 (RFP Tentative Scheduled Timetable), in a sealed package and should bear the Proponent's name, return address, and RFP # ***[Insert]***, and addressed to:

[Insert]

Attention: RFP Coordinator

Proposals received after the RFP Submission Deadline shall not be considered and shall be returned to the Proponent unopened. Regardless of the method of delivery of the Proposal chosen by Proponent (such as courier, delivery service, Canada Post), each Proponent is responsible for the actual delivery of its Proposal to the address and location listed above.

Proposals transmitted by facsimile or sent by any other electronic means shall not be considered. Notwithstanding anything to the contrary contained in any applicable statute relating to electronic documents transactions, including the *Electronic Commerce Act, 2000*, S.O. 2000, c. 17, any notice, submission, statement, or other instrument provided in respect of the RFP may not be validly delivered by way of electronic communication, unless otherwise provided for in this RFP.

Proposals are to be submitted in English only, and any Proposal received by the Purchasing Organization that is not entirely in English may be disqualified. ***[If Proposals are requested in French, adjust language accordingly.]***

2.6.2 Receipt

Every Proposal received will be date/time stamped at the location referred to in Section 2.6.1 (General) and a receipt will be provided upon request.

A Proponent should allow sufficient time in the preparation of its Proposal to ensure its Proposal is received by the RFP Submission Deadline.

2.7 Withdrawal of Proposal

A Proponent may withdraw its Proposal only by providing written notice to the RFP Coordinator before the RFP Submission Deadline. A Proposal may not be withdrawn after the RFP Submission Deadline. The Purchasing Organization has no obligation to return withdrawn Proposals.

2.8 Amendment of Proposal

A Proponent may amend its Proposal after submission, but only if the Proposal is amended and resubmitted before the RFP Submission Deadline. The Proponent must provide notice to the RFP Coordinator in writing and replace its Proposal with a revised Proposal, in accordance with the requirements of this RFP. The Purchasing Organization has no obligation to return amended Proposals.

2.9 Completeness of Proposal

By submitting a Proposal, the Proponent confirms that all of the components required to use and/or manage the Goods have been identified in its Proposal or will be provided to the Purchasing Organization at no additional charge. Any requirement that may be identified by the Proponent after the RFP Submission Deadline or subsequent to signing the Agreement shall be provided at the Proponent's expense.

2.10 Proponent's Proposals

All Proposals submitted by the Submission Deadline shall become the property of the Purchasing Organization and will not be returned to the Proponents.

2.11 Proposal Irrevocability

Subject to a Proponent's right to withdraw a Proposal in accordance with the procedure described in Section 2.7 (Withdrawal of Proposal), a Proposal shall be irrevocable by the Proponent for ***[Insert the number of days that will allow the Purchasing Organization an appropriate amount of time to review the Proposals, select a Preferred Proponent and finalize the Agreement – suggested 120 Days]*** from the RFP Submission Deadline.

Proposals will not be opened publicly.

2.12 Acceptance of RFP

By submitting a Proposal, a Proponent agrees to accept and to be bound by all of the terms and conditions contained in this RFP, and by all of the representations, terms, and conditions contained in its Proposal.

2.13 Amendments to the RFP

Subject to Section 2.2 (RFP Tentative Schedule) and Section 2.4.3 (Issued Addenda), the Purchasing Organization shall have the right to amend or supplement this RFP in writing prior to the RFP Submission Deadline. No other statement, whether written or oral, shall amend this RFP. The Proponent is responsible to ensure it has received all Addenda.

2.14 Clarification of Proponent's Proposal

The Purchasing Organization shall have the right at any time after the RFP Submission Deadline to seek clarification from any Proponent in respect of that Proponent's Proposal, without contacting any other Proponent. The Purchasing Organization shall not be obliged to seek clarification of any aspect of any Proposal.

Any clarification sought shall not be an opportunity for the Proponent to either correct errors or to change the Proponent's Proposal in any substantive manner. Subject to the qualification in this provision, any written information received by the Purchasing Organization from a Proponent in response to a request for clarification from the Purchasing Organization may be considered to form an integral part of the Proponent's Proposal, in the Purchasing Organization's sole discretion.

2.15 Verification of Information

The Purchasing Organization shall have the right, in its sole discretion, to:

- (a) verify any Proponent's statement or claim made in the Proponent's Proposal or made subsequently in an interview, site visit, oral presentation, demonstration, or discussion by whatever means the Purchasing Organization may deem appropriate, including contacting persons in addition to those offered as references
- (b) reject any Proponent's statement, claim or Proposal, if such statement, claim or Proposal is patently unwarranted or is questionable; or
- (c) access the Proponent's premises where any part of the work is to be carried out to confirm Proposal information, quality of processes, and to obtain assurances of viability, provided that, prior to providing such access, the Proponent and Purchasing Organization shall agree on reasonable access terms, including pre-notification, extent of access, security, confidentiality and the allocation and amount of any costs incurred in connection with such access.

The Proponent shall co-operate in the verification of information and is deemed to consent to the Purchasing Organization verifying such information.

2.16 Proposal Acceptance

The lowest price Proposal or any Proposal shall not necessarily be accepted. While price is an evaluation criterion, other evaluation criteria, as set out in Article 4 (Evaluation Process), will form a part of the evaluation process.

2.17 Substantial Compliance

The Purchasing Organization shall be required to reject Proposals which are not substantially compliant with this RFP.

2.18 No Publicity or Promotion

No Proponent, including the Preferred Proponent, shall make any public announcement or distribute any literature regarding this RFP or otherwise promote itself in connection with this RFP or any arrangement entered into under this RFP without the prior written approval of the Purchasing Organization.

In the event that a Proponent, including the Preferred Proponent, makes a public statement either in the media or otherwise in breach of this requirement, in addition to any other legal remedy it may have in law, in equity or within the context of this RFP, the Purchasing Organization shall be entitled to take all reasonable steps as may be deemed necessary by the Purchasing Organization, including disclosing any information about a Proponent's Proposal, to provide accurate information and/or to rectify any false impression which may have been created.

2.19 Debriefing

Not later than 60 Days following the date of posting of a contract award notification in respect of the RFP, a Proponent may contact the RFP Coordinator to request a debriefing from the Purchasing Organization.

Any request that is not received within the foregoing timeframe will not be considered and the Proponent will be notified of same in writing.

Proponents should note that, regardless of the time of submission of a request by a Proponent, debriefings will not be provided until a contract award notification has been posted.

2.20 Bid Protest Procedure

[This section should be validated by the Purchasing Organization's legal counsel before being finalized as part of the Purchasing Organization's templates.]

In the event that a Proponent wishes to review the decision of the Purchasing Organization in respect of any material aspect of the RFP process, and subject to having attended a debriefing,

the Proponent shall submit a written protest (“**Protest**”) to the Purchasing Organization within 10 Days from such a debriefing.

Any Protest that is not received within the foregoing timeframe will not be considered and the Proponent will be notified of same in writing.

A Protest shall include the following:

- (b) a specific description of each act alleged to have breached the RFP provision and/or procurement procedure;
- (c) a precise statement of other relevant facts;
- (d) an identification of the issues to be resolved;
- (e) the Proponent’s arguments and supporting documentation; and
- (f) the Proponent’s requested remedy.

For the purpose of a protest under this RFP, the protest procedure to be followed by the Purchasing Organization is described at ***[Insert where to find details of bid review procedure]***.

3.26.3 Customizations to Proponent's Standard Model

It is intended that the proposed Goods will be based on the Proponent's standard model. However, once the Proponent has reviewed this RFP and the Specifications Schedule, any customization or modification that the Proponent anticipates will be required based on the provided requirements and pricing for the same should be described. Such information should be set out in the Pricing Schedule Part H (Customization).

3.26.4 Discounts

The Proponent should indicate in the Pricing Schedule Part I (Aggregate Volume Discounts) any additional volume discount or rebate by ranges based on aggregated volumes of total items purchased, to be calculated annually at the end of each calendar year or on the anniversary date of the applicable Agreement. The Proponent should also identify other available discount opportunities as described in the Pricing Schedule Part J (Additional Discounts).

3.26.5 Payment Terms

[Select the appropriate payment option as described in Section 4.1 of the Agreement, which sets out a milestone approach or a standard 30 or 60 day payment option from receipt of invoice. In the event that the milestone approach is chosen, request that Proponents complete the Pricing Schedule Part K (Payment Terms).]

3.26.6 Financing Arrangements

[Optional – if removing, also remove from pricing schedule]

The Proponent should include the details of any financing arrangements the Proponent can provide to the Purchaser, such as, for example, term loans, leasing, or payment terms tied to

healthcare provider fundraising cash stream. The Proponent should provide full details of those arrangements, including sample language of agreements, terms and conditions, and interest rates.

3.26.7 Cost Reduction Initiatives

The Proponent should provide details regarding any cost reduction initiative the Proponent considers could be implemented immediately upon execution of the Agreement or during its first year, explaining the recommended processes to be implemented, including the benefits. Such information should be included in the Pricing Schedule Part L (Cost Reduction Initiatives).

3.26.8 Software and Hardware Additional Costs

The Proponent should provide in the Pricing Schedule Part M (Software and Hardware Additional Costs), attaching separate pages if required, the following information:

- (a) how new Goods and upgrades will be priced during the term of the Agreement; and
- (b) pricing for software options developed after the Agreement has been signed.

3.26.9 Purchasers' Information Practices Cost

The Proponent should indicate the way in which the cost of privacy compliance with respect to the Purchasers' information practices is reflected in its Proposal in the Pricing Schedule Part N (Information Practices Cost). For more information on the Purchasers' information practices, refer to Section 3.15 (Personal Health Information).

Article 4 Evaluation Process

4.1 General

The evaluation of the Proposals will be conducted by the evaluation team (the “**Evaluation Team**”) in several stages, as described below. ***[Stages III to V are optional. If a stage is removed, the change should be reflected in all the relevant sections below.]*** As was noted in Section 1.7 (Individual Purchaser), the specific needs and objectives of each Purchaser in respect of the Goods differ slightly from each other, as is described in the attached Variance Schedule. The evaluation of the Proposals will be conducted individually by each member of the Evaluation Team and averaged into a final score for each stage. The Purchasing Organization will determine the membership of the Evaluation Team, in its sole discretion, which may include external consultants and advisors. The stages and the points allocated to each stage of the evaluation process are as follows:

[Note that it is possible to require that a minimum score be met for each criterion – see right-hand column in the table, below – to ensure that the Preferred Proponent shows strength consistently across all stages of the evaluation process. Typically, where a minimum score is required to be met, the minimum is set at approximately 2/3 of the overall points allocated for each stage, and a Proposal that fails to meet the minimum score for a single stage is disqualified. Where a decision is made to not use the minimum score approach, simply revise the table below, and the language throughout this Article 4.]

4.2 Stage I – Review of Mandatory Requirements (Pass/Fail)

A Proposal must include, or conform with, the following Mandatory Requirements:

[When deciding on the mandatory requirements, bear in mind that a Proponent must substantially comply with every single mandatory requirement or the Purchasing Organization is obligated to disqualify that Proponent’s proposal. The Purchasing Organization has no discretion in this regard. Consider carefully if a requirement should be made mandatory, and if there might be other ways to present the requirement.]

4.2.1 Mandatory Requirements Checklist

Mandatory Requirements Checklist Schedule, completed by the Proponent in accordance with the instructions contained in that schedule.

4.2.2 Declaration and Certification

Declaration and Certification Schedule, completed by the Proponent in accordance the instructions contained in that schedule.

4.2.3 Pricing Schedule

- (a) all prices shall be provided in Canadian funds and shall include all applicable customs duties, tariffs, overhead, profit, permits, licenses, labour, carriage insurance, and warranties, and further shall not be subject to adjustment for fluctuation in foreign exchange rates. All prices shall be quoted exclusive of the harmonized sales tax or other similar taxes, each of which, if applicable, should be stated separately;

- (b) all prices quoted, unless otherwise instructed in this RFP, shall remain firm for the period set out in the RFP;
- (c) **[Optional – alternatively, “travel, accommodation, and other costs shall be at the Proponent expense”]** travel and accommodation expenses shall not be included in the rates quoted and shall be billed separately and charged in accordance with the applicable Purchaser’s policy, as may be amended from time to time. Original itemized receipts are required for reimbursement. Meals, hospitality and other incidentals shall not be included in eligible expenses;
- (d) in the event of any discrepancy in the pricing, the lowest unit price submitted shall prevail; and
- (e) the Proponent is deemed to confirm that it has prepared its Proposal with reference to all of the provisions of the Form of Agreement Schedule, that it has factored all of the provisions of the Agreement into its pricing assumptions, calculations and into its proposed Pricing.

4.2.4 Unfair Advantage and Conflict of Interest Statement

Unfair Advantage and Conflict of Interest Statement Schedule, completed by the Proponent in accordance with the instructions contained in that schedule.

4.2.5 References

References Schedule, completed by the Proponent in accordance with the instructions contained in that schedule.

4.2.6 Medical Devices and Medical Establishment Licenses

The Proponent shall confirm that for all proposed Goods and products, a valid Medical Device Licence Number currently exists under the *Food and Drugs Act* (Canada) and the *Food and Drugs Act, Medical Devices Regulations* unless a valid exemption exists under such statute;

The Proponent shall confirm that a valid Medical Device Establishment Licence Number for the Proponent under the *Food and Drugs Act* (Canada) and the *Food and Drugs Act, Medical Devices Regulations* exists unless a valid exemption exists under such *Regulations*. With respect to the requirement set out in this provision, if the Proponent is a joint venture or a consortium, then this confirmation of the Medical Device Establishment Licence shall be provided for one member of the joint venture or consortium; and

Where the Goods are or the Proponent is exempted from having either of the above-noted Licences, a statement to that effect shall be submitted with the Proposal – please see Section 2.25.3 (Medical Devices) in respect of this requirement.

4.2.7 Electrical Certification

The Proponent shall confirm that the proposed electrical Goods have been authorized or approved for their intended use in accordance with all applicable electrical safety requirements in Ontario, accredited with the *Standards Council of Canada Act* (Canada) and whether they bear the certification organization's mark which identifies goods certified for use in Canada. See Section 2.25.2 (Electrical Goods) in relation to this requirement.

Where the Goods are not subject to any electrical certification, the Proponent shall respond by stating "Not Applicable".

4.2.8 Proponent Consortium Information

Where a consortium is responding to this RFP, the following shall apply:

- (a) the Proponent shall identify itself as the sole Proponent; and
- (b) the Proponent shall confirm that the Proponent shall assume full responsibility and liability for the work and actions of all consortium members with respect to the obligations to be assumed pursuant to this RFP, provided that the Purchaser shall be entitled to reject a proposed subcontractor.

Where a consortium is not responding to this RFP, the Proponent shall respond by stating "Not Applicable".

4.2.9 Safety Disclosure

The Proponent shall identify any goods-related or safety alert, recall, hazard notification, or other safety/quality-related publication occurring in the last 5 years applicable to the Goods being proposed pursuant to this RFP.

The Proponent shall disclose any action or resolution taken to rectify the problems in the goods-related or safety alert, recall, hazard notification, or other safety/quality-related publication applicable to the Goods being proposed.

Where there have been no goods-related alerts, safety alerts, recalls, hazard notifications, or other safety/quality-related publications applicable to the proposed Goods, the Proponent shall respond by stating "Not Applicable."

Upon request by the Purchasing Organization, the Proponent shall provide a copy of the said goods-related alerts, safety alerts, recalls, hazard notifications, or other safety/quality-related publications.

[Identify additional mandatory requirements here. Note that it is preferable to have as few as possible, because failure by a Proponent to substantially comply with a single mandatory requirement must lead to the disqualification of that Proponent. The Purchasing Organization has no discretion in this regard.]

4.3 Stage II – Evaluation of General Requirements (*[Insert points]*)

[If using a minimum score approach, add the following sentence: “Proposals that reach or exceed the minimum score for each Rated Criterion will be eligible to proceed to the next stage of the evaluation process (an Eligible Proposal).”] The General Requirements to be used by the Evaluation Team in the scoring of each Eligible Proposal are as follows:

Evaluation Criteria	Section	Weighting	Minimum Score <i>[Optional – delete this column if not required]</i>
Corporate Overview	4.3.1	<i>[Insert]</i>	<i>[Insert]</i>
Service/Support/Training/Warranty	4.3.2	<i>[Insert]</i>	<i>[Insert]</i>
Specifications	4.3.3	<i>[Insert]</i>	<i>[Insert]</i>

4.3.1 Corporate Overview (*[Insert points]*)

[Describe how Proponents may achieve maximum points.]

4.3.2 Service/Support/Training/Warranty (*[Insert points]*)

[Describe how Proponents may achieve maximum points.]

4.3.3 Specifications (*[Insert points]*)

[Describe how Proponents may achieve maximum points.]

4.3.4 Form of Agreement (*[Insert points]*)

[Describe how Proponents may achieve maximum points. This can be rated as the degree to which the Proponent is willing to accept the Purchaser’s Form of Agreement, with changes that are in Proponent’s favour resulting in fewer points. This could also give Proponents additional points if they include proposed changes to the Form of Agreement that are in the Purchaser’s favour.]

4.4 Stage III – Oral Presentation and/or Site Visit (*[Insert points]*)

[This section is Optional. Delete if it is not needed.]

*[Consider short listing the candidates to a manageable number of Oral Presentations and/or Site Visits. If appropriate add the following sentence: “Only up to the *[Insert #]* highest*

ranked Proposals from Stage II will be invited to participate in the Oral Presentation and/or Site Visit stage.”]

The purpose of the Oral Presentation and/or Site Visit will be to allow the Proponent to address the major elements of its Proposal, to obtain any required clarification, and to allow members of the Evaluation Team to interact directly with key representatives of the Proponent’s proposed team so as to validate and to make final adjustments, if required, to the evaluation results of the written Proposal. In advance of the Oral Presentation and/or Site Visit, each Proponent invited to make a presentation will be notified in writing of the matters on which clarification will be sought, and the agenda for the meeting. The Proponent will not have the opportunity to modify its written Proposal or otherwise introduce new information during the Oral Presentation and/or Site Visit stage. ***[If using a minimum score approach, add the following sentence: “Eligible Proposals that do not meet the minimum score for the Oral Presentation and/or Site Visit will be disqualified”.]*** In addition, the Oral Presentation and/or Site Visit will be evaluated on the basis of the following framework: ***[These are illustrative only. Proponents should have a general sense of the purpose of the oral presentation and/or site visit.]***

Oral Presentation and/or Site Visit	
1	Demonstration of Proponent commitment to the Purchasers
2	Response to all Proponents’ pre-defined questions developed from Proposal
3	Response to specific Proponent pre-defined questions developed from Proposal
4	Proponent’s willingness to accept accountability for project
5	Demonstrated credibility and perceived confidence in Proponent’s ability to supply the Goods in a way that meets or exceeds the needs of the Purchasers within the required delivery time at a cost effective price.
6	<i>[Set out others]</i>

4.5 Stage IV – In-House Trial (*[Insert points]*)

[This section is Optional. Delete if it is not needed.]

[Consider short listing the candidates to a manageable number for In-House Trials. If appropriate add the following sentence: “Only up to the [Insert #] highest ranked Proposals from Stage III will be invited to participate in the In-House Trial stage.”]

The purpose of the In-House Trial will be to allow the Proponent to trial or demonstrate the Goods for the Purchasing Organization and to allow members of the Evaluation Team to interact directly with key representatives of the Proponent’s proposed team so as to validate and to make final adjustments, if required, to the evaluation results of the written Proposal. The Proponent will not have the opportunity to modify its written Proposal or otherwise introduce new information during the In-House Trial. ***[If using a minimum score methodology, add the following sentence: “Eligible Proposals that do not meet the minimum score for the In-House***

Trial will be disqualified.”] In addition, the In-House Trial will be evaluated on the basis of the following framework:

[List the criteria for the In-House trial. Note that it useful to review the Specifications before setting out the criteria of the in-house trial.]

4.6 Stage V – Risk Mitigation (*[Insert points]*)

[This section is Optional. Delete if it is not needed.]

At this stage, the Evaluation Team will have identified the risks inherent in each Eligible Proposal and will review each Proponent’s proposed initiative to manage and mitigate such risks. Information considered at this stage may include information arising from the Oral Presentation and/or Site Visit stage. ***[If using a minimum score approach, add the following sentence: “Eligible Proposals that do not meet the minimum score for Risk Mitigation will be disqualified.”]***

4.7 Stage VI – Pricing (*[Insert points]*)

Only at the completion of all other rated criteria for all Eligible Proposals will the RFP Coordinator open the envelope containing the Pricing Schedule of the Eligible Proposals.

Pricing will be scored based on a relative pricing formula on the basis of the information provided in the Pricing Schedule.

Each Proponent will receive a percentage of the total possible points allocated to price for the Goods by dividing that Proponent’s price for the Goods by the lowest bid price for the Goods. For example, if the lowest bid price offered by one Proponent is \$120.00, that Proponent will receive 100% of the possible points (120/120 = 100%). A Proponent who bids \$150.00 will receive 80% of the possible points (120/150 = 80%) and a Proponent who bids \$240.00 will receive 50% of the possible points (120/240 = 50%).

$$\frac{\text{Lowest Price}}{2^{\text{nd}} \text{ lowest Price}} \times \text{Total available points} = \text{Score for Proposal with } 2^{\text{nd}} \text{ lowest Price}$$
$$\frac{\text{Lowest Price}}{3^{\text{rd}} \text{ lowest Price}} \times \text{Total available points} = \text{Score for Proposal with } 3^{\text{rd}} \text{ lowest Price}$$

4.8 Stage VII – Reference Verification (*Pass/Fail*)

At this stage, the Evaluation Team will verify as many references provided by the Preferred Proponent in the References Schedule as the Evaluation Team may deem appropriate, and such references may be conducted in-person, as the Evaluation Team may determine in its sole discretion. ***References will be assessed on a pass/fail basis*** as to their satisfaction with the Equipment and services delivered, and will serve to validate (or not, as the case may be) the evaluation conducted by the Evaluation Team. ***[Note that a methodology for verifying the references should be developed well before the time comes to verify the references.]***

4.9 Tie Break Process

Where two or more Proposals achieve a tie score on completion of the evaluation process, the Purchasing Organization shall break the tie by *[Indicate the tie break method, e.g., selecting the Proponent with the lowest price as the Preferred Proponent]*.

4.10 Preferred Proponent

After the references have been successfully verified, the Purchasing Organization will notify the Preferred Proponent of its position as the Preferred Proponent, and invite it to enter into discussions to finalize the terms of the Agreement, attached in the Form of Agreement Schedule. Subject to the requirements of Section 4.11 (Discussions with Preferred Proponent), the Purchasing Organization expects that the Agreement will be executed substantially in the form in which it appears in this RFP.

4.11 Discussions with Preferred Proponent

After identifying the Preferred Proponent, if any, the Purchasing Organization may attempt to finalize the terms and conditions of the Agreement with the Preferred Proponent, or it may, in its sole discretion,

- (a) prior to making the award, where an immediate need exists, the Purchasing Organization may issue a purchase order, on terms satisfactory to the Purchasing Organization, as an interim measure; and
- (b) negotiate changes, amendments, or modifications to the Preferred Proponent's Proposal.

The Purchasing Organization shall at all times be entitled to exercise its rights under Section 2.28 (Rights of the Purchasing Organization – Preferred Proponent).

For certainty, the Purchasing Organization makes no commitment to the Preferred Proponent that the Agreement will be executed. The Preferred Proponent acknowledges that the commencement of any discussions does not obligate the Purchasers to execute the Agreement.

Unfair Advantage and Conflict of Interest Statement Schedule

Prior to completing this Schedule, the Proponent is advised to review the definitions of Unfair Advantage and Conflict of Interest set out in Section 1.1 (Definitions) of the RFP. In the event that the boxes below are left blank, the Proponent shall be deemed to declare that (a) it has had no Unfair Advantage in preparing its Proposal and (b) there is no foreseeable actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

If either or both of the statements below apply, check the appropriate box:

- The Proponent declares that there is an actual or potential Unfair Advantage relating to the preparation of its Proposal.
- The Proponent declares that there is an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

In the event the Proponent declares an actual or potential Unfair Advantage and/or an actual or potential Conflict of Interest (by marking either of the boxes above), the Proponent shall provide all relevant detailed information below.

The Proponent agrees to provide any additional information which may be requested by the RFP Coordinator, in the form prescribed by the RFP Coordinator.

Where, in its sole discretion, the Purchasing Organization concludes that an Unfair Advantage and/or Conflict of Interest arises, it may, in addition to any other remedy available to it at law or in equity, disqualify the Proponent’s Proposal, or terminate any Agreement awarded to the Proponent under the RFP.
